MESSAGE FROM OUR VICE-CHANCELLOR

Shaping ethical and visionary professionals for the future of insolvency practice

Prof. (Dr.) G.S. Bajpai
Vice Chancellor & Senior
Professor,
NLU Delhi

It is my privilege to introduce the Post Graduate Insolvency Programme (PGIP) – MA/LLM in Insolvency Batch of 2025-2027 at the National Law University Delhi. Conceived as a pathbreaking initiative, the PGIP stands at the intersection of law, finance, and policy, a reflection of NLU Delhi's enduring commitment to excellence, innovation, and professional leadership in legal education.

The programme was envisioned to meet the growing demand for highly trained insolvency and restructuring professionals in India and abroad. Designed in collaboration with the Insolvency and Bankruptcy Board of India (IBBI) and guided by global experts, the PGIP offers an unparalleled academic and practical foundation. It equips students to engage meaningfully with the challenges of insolvency, liquidation, and corporate turnaround in today's complex financial ecosystem.

The graduating class represents the culmination of a rigorous two-year journey that combines a year of intensive classroom learning with a year of practical, on-ground experience. These students have been trained in strategic decision-making, financial analysis, negotiation, and dispute resolution, which are essential skills for navigating insolvency practice. Under the mentorship of distinguished faculty and industry professionals, they have developed a well-rounded perspective. What distinguishes this cohort is not only their academic achievement but also their commitment to professional ethics, analytical precision, and a solutions-oriented approach.

I am confident that every graduate of this programme will prove to be an asset to any institution seeking individuals with a nuanced understanding of insolvency law, finance, and corporate regulation. We warmly invite you to engage with our talented graduates and be a part of their professional journey. The University remains dedicated to facilitating a seamless and productive recruitment process for all prospective employers and to continuing its mission of shaping ethical and visionary professionals for the future of insolvency practice.
